EXPERIENCE

Office Administrator/Buyer

Premier FSP, Brighton

2017 - 2021

- Stabilized overall products profit margin to 40% and increased customer retention by implementing and managing different price-lists across all customers
- Reduced order-entry workload by overseeing the products database in a concise manner
- By analysing expected sales and running different reports I managed to save an average of £800/weekly on produce wastage

Office Administrator/Buyer

Vincenzo LTD, London

2016 - 2017

- Increased operations efficiency by one hour daily with a new system to maintain the warehouse fully stocked with excellent quality produce
- Increased buying efficiency by at least 30 minutes daily with a new system to do stock control
- Maintained a great relationship with customers by solving daily problems in an effective manner

Warehouse Team Leader

Natoora, London

2015 - 2016

- Guaranteed the picking was completed on time by assigning packers to different work stations and relocating them as needed
- Induction training, discipline, and motivation of staff
